

TECHNOLOGY BROKERAGE EVENT

Thursday, 28 November 2024- 13:00-19:00

PARALLEL SESSION 1 ROOM MR.07: FINANCE START-UPS

13:00 - 14:00	Registration + Lunch
	Pitch 1: Redox flow batteries for renewables -Vanevo
14:00 - 15:00	Pitch 2: Preparing for LFP production in Norway -Shift Materials
	Pitch 3: Novel self-heating battery cell technology - INEM
	Pitch 4: Innovative lithium recycling - Lithium367
15:00 - 15:30	Coffee Break & Pitch exhibition
	Pitch 5 : Material flow for mini-environment -DryCell
15:30 - 16:15	Pitch 6 : Last step before bringing RNZB to market -Sunergy Battery
	Pitch 7 : HYRI's energy - Enphos
16:15 - 16:45	Coffee Break & Pitch exhibition
	Pitch 8 : Shapable super-cap and solid electrolyte for lithium batteries -Novac
16:45-17:30	Pitch 9 : Advanced nano-silicon materials designed for LIBs -NanoPow
	Pitch 10 : AI-Powered BMS - Mea-Tec
17:30 -19:00	Cocktail & Pitch exhibition

TECHNOLOGY BROKERAGE EVENT

Thursday, 28 November 2024- 13:00-19:00

PARALLEL SESSION 2 ROOM MR.09 : CONNECT WITH RESEARCHERS

13:00 - 14:00	Registration + Lunch
	Pitch 1: Battery production modelling platform -University of Twente
14:00 - 15:00	Pitch 2: Using green solvents for LIBs cathode direct recycling -Eurecat
	Pitch 3: Next Generation BMS with advanced functionalities-TNO
15:00 - 15:30	Coffee Break & Pitch exhibition
	Pitch 4 : Future of EVs & aircraft: lithium metal halide SSB - CIC EnergiGUNE
15:30 - 16:15	Pitch 5: Multiscale modelling of NMC811 cathode's slurry -ABEE
	Pitch 6: Battery innovation ecosystem in Wallonia -Pôle MecaTech
16:15 - 16:45	Coffee Break & Pitch exhibition
	Pitch 7 : Next-Gen sustainable batteries under SSBD framework -Eurecat
16:45-17:30	Pitch 8 : SEATBELT: a solid-state battery with hybrid electrolyte- CNRS
17:30 -19:00	Cocktail
